## About the 34<sup>th</sup> Aapresid Congress, powered by Expoagro

Every year, the Aapresid Congress serves as the premier forum where sustainability paradigms engage with agronomic, economic, and political strategies to improve lives for all. As the most prominent agricultural knowledge event in Argentina and a regional benchmark, it is a key moment for updates, high-level debate, and the exhibition of the latest technological breakthroughs and innovation in the sector.

Under the motto "**Our soil, our voice**", the 34<sup>th</sup> Congress will take place on **August 4<sup>th</sup>, 5<sup>th</sup>, and 6<sup>th</sup>**. The event focuses on soil as the origin of all production systems: a living organism and a legacy that we must listen to and protect in order to evolve as farmers, as a nation, and as a community toward a sustainable future.

### The 2025 Congress in numbers

+ **12.000** visitors

+ **450** attendees

+ **160** workshops and plenaries

✓ **Simultaneous interpretation**  
into English

✓ **150** exhibitors showcasing the latest in  
machinery, inputs, services, and AgTech

## About Aapresid

Aapresid is a non-profit organization founded in 1989 that brings together farmers, advisors, and agricultural professionals to promote sustainable systems for food, fiber, and energy, based on soil care, innovation, and networked knowledge. With nearly 2,000 members influencing 11 million hectares, it drives practices that regenerate soils, reduce environmental impact, and enhance productivity.

The institution fosters knowledge and innovation networks, connecting producers with scientists, companies, and leading institutions. It operates through 40 regional groups, 11 R&D units, and 12 thematic networks, engaging more than 900 farmers and professionals.
